The perfect combination coffee + carabao's milk

Jumpstart your day with a cup of heavenly blend of bittersweet and creamy gush of goodness that goes from rich to bold. This is how you experience coffee like no other.

Pour fresh carabao's milk into your daily dose of caffeine to perk up your mood for a good vibe. It'll even make moments with your loved ones extra special as it tastes better when shared.

The day is young. Rise and shine!

Think fit
drink carabao's milk

Have a fresh start every day.

Relish the goodness of fresh carabao's milk any time of the day. A carabao produces milk that is not only rich in vitamins and minerals but contains mostly A2 variant of beta casein protein which is good for digestion.

Milka Krem salutes local dairy farmers who rise early to milk their carabaos and strictly practice proper milk collection and handling to ensure that quality milk is made available to consumers. Make their sacrifice count.

Patronize our 100% locally produced milk and be a dairy champion.

Pasteurized Fresh Milk

Made from 100% pure carabao's milk. Rich and creamy, homogenized, pasteurized, no preservatives.

Shelf life is 7-10 days at refrigerator temperature; 1 month at freezer storage

Available in plastic bottles (1L, 200mL) and sachets (1L, 500mL, 200mL)

BLUEBERRY-FLAVORED
YOGURT DRINK

Taste tropical as you binge on Milka Krem's frosty yogurt beverages containing fruit bites of strawberry, pineapple, and blueberry. Yogurt contains live microorganisms that are good for the body. It also comes in plain and unsweetened variants (full cream and low fat) for the health conscious.

On your next break, just chill and have some yogurt.

Splurge on oh so creamy dessert

Be it from a cup or cone, scoop your way to the creamiest gelato in town. Our secret is no secret—carabao's milk.

Unlike ice cream, gelato is a healthier choice because it has lower fat content (3-9% butterfat). It is also responsible for that smooth and rich texture that helps preserve flavors. You can have it in plain, strawberry, chocolate, ube, mocha, pandan, pistachio, and hazelnut exclusively at our Milka Krem store.

Breeze your way to daily creamy goodness that is gelato.

Celebrate life the cheesy way

Gouda Cheese

This round ripened firm or semi hard cheese has a creamy texture and full-bodied flavor. It is firm which is suitable for cutting.

Aged for 6 months.
One wedge slice usually weighs about 100g
Place in a cool storage at 4° C.

Paneer

A non-melting soft and fresh cheese that can be included in dairy diet recipes!

Mozzarella Cheese

The best table-type mozzarella is one made with carabao's milk. Not only is it soft, it's also perfect for salads.

Shelf life is 7-10 days at refrigerator temperature but can be longer when frozen. Thaw in a chiller before use.
Available in 100g mozzarella block.

Kesong Puti

This authentic white cheese is of soft-type and made from pure carabao's milk. It is low in salt with no preservatives.

Shelf life is 7-10 days at refrigerator temperature.
Available in 200g pack.

It's not just bread it's milkybun

Imagine fresh carabao's milk in a bun laced with a flair of Filipino nostalgia. Only in the Philippines, the Milkybun originated from the concepts of the iconic pinoy "pandesal" and nutribun. Every bite is a burst of subtle sweetness and saltiness complemented with the velvety flavor of milk.

Make your snack time better.

Try our nutritious Milkybun that is best paired with kesong puti.
